REQUESTS OF THE 'UPADHYAYA PANDITA PARISHAT' KISTNA DISTRICT.

I. Pandits may be allowed the time scale of Rs.75-5-145 (allowed to pandits with 15 years ' Service on 1-1-1948) irrespective of their service as the qualifications of all the pandits are the same.

Education and Public Health Department

According to the orders issued in G.O.No.526 Education, dated 15-3-1948, Pandits possessing Oriental title with 15 years service as pandits in high schools on 1-1-1948 are eligible for the time scale of pay of Rs.75-5-145 (L.T.scale). The request of the 'Parishat' that allpandits irrespective of the period of service they have put in may be allowed the above scale need not be completed with.

Sd/-xxxxxxx,
2-4-48.

II. Language pandits may be exempted from the possession of knowledge in English.

Education and Public Health.

It will not be possible to take up the study of the languages in the college course or high school course without a knowledge of English and the qualifications prescribed for entrants need not be changed especially in liew of the high salaries allowed to Pandits and Munshis in the recent concession. The request that all language pandits may be exempted from the possession of knowledge in English need not be complied with. The suggestion if accepted will discourage the acquisition of better qualifications which will be an asset to the teaching profession.

2-4-48.

III. A . Pandits already in service may be exempted from undergoing pandits' training.

Education and Public Health Department

There is no stipulation that the existing incumbents should undergo Pandits' training - Vide G.O.No.526 Education, dated 15-3-1948. No further action is called for.

2-4-48.

III. B. Hindustani Pandits may be placed on a par with the other languages pandits in all respects.

Education and Public Health Department

The question of revising the scales of pay for Hindustani pandits is under consideration separately. The intention is that there should be no difference between the scales of pay allowed to the language pandits and those proposed to be allowed to Hindustani pandits . No further action is therefore called for now.

Contd.

IV. "Upadhyaya Pandit Parishat" should be consulted in regard to the decisions taken by Government in matters affecting teachers and pandits. The views of other associations such as 'Teachers' Guilds' etc. sho ld not be taken into consideration.

Education and Public Health,Department

This request seems inadmissible. It does not seem that the views of a particular district association alone should be considered by Government. It is open to them to form a central Association or to voice for the their grievances through the Teachers' Guilds by becoming members of the Common Associations for the teachers - the policy of is obtain and not be encouraged.

V. Sanskrit should be offered only as A 'A' group subject and not as 'C' group subject.

Education and Public Health.

Under the scheme for the reorganisation of secondary education, the regional language will be the first language and English the second language. In addition, provision will be made for the study of third language - either Hindustani or Sanskrit or any other classical language, the option of choosing the language being left to the student. It has beer considered that provision should be made for the study of the third language from Form I instead of from Form IV as recommended by the Board of Aecondary Education but no final decision has yet been arrived at in regard to the position of Sanskrit in the revised scheme of studies. It would seem that so long as importance is attached to the study of the regional language and its study is compulsory Sanskrit cannot be placed under Group A . No action seems called for on this request.

VI.. Leave conditions prevailing prior to 1933 may be made applicable to the teachers who joined service subsequent to 1933.

Education and Public Health.

There are two sets of leave rules (1) for Government servants who joined service prior to 1933 and (2) for others who joined service subsequently. As local bodies have adopted the fundamental rules, the above mentioned rules will apply to teachers under local bodies In regard to aided secondary schools provision is made in te form of agreement for the leave terms applicable to te chers - No change seems called for.
